The timing chip (B-Tag) is attached to the back of your BIB.

To ensure accurate timing, do not fold or crumple the bib number or cover it with a jacket, running belt, water bottle or any other object.

Participants who run the race without a properly attached and visible bib number may not have a recorded finish time and split times and may not be listed in the race results.

If you lose your bib number on the course, report it to a race official immediately after the race.

You may view the race result after confirmation that your time was recorded at the start and that you finished the race.

Transfer is not allowed.

person.

Alter, make copies or other reproductions/replications of the bib number for any purpose (or allow another person to do so).

Participate with an unofficial race number, i.e. a number not assigned to you by SNH.

Participate in the race without proper registration and a bib number.

If any of the stated irregularities are established (points 1–3), SNH reserves the right to disqualify the participant and suspend him/her from subsequent STM events.

**ENTRY FEES ARE NOT REFUNDED AND CANNOT BE DEFERRED OR TRANSFERRED TO FUTURE COMPETITIONS. THERE IS NO REFUND OF MONEY.**

## **Start of the race**

Race start: The race starts with the firing of the starting gun unless otherwise stated.

All participants must be behind the start line and must follow the instructions of the race starter.

## **Official race timing**

Your official (net) time is recorded by the timing system from the moment you cross the start line until the moment you cross the finish line (**CHIP TIME**).

The time measured from the moment of the firing of the starting gun until the runner crosses the finish line (**GUN TIME**) is the official result of the runner and it is that time which determines the order of the winners in the race overall and by age groups.

## **Course and course marking**

Participants must remain within the course at all times.

The course is marked by barriers, traffic cones, lines and/or other markers.

On the course there are kilometer markers, markers for intersections, turns and refreshment stations.

Participants must recognize and understand the event signs and symbols relating to the course, instructions and facilities and must follow the instructions of judges and race officials.

Failure to do so may result in disqualification.

At all races, medical services with health assistance are deployed according to the SNH schedule.

A graphic display of all courses with inserted legends and explanations is available at [www.splitmarathon.com](http://www.splitmarathon.com).

## **Completion of the race**

## **Time limit according to each race:**

**Half marathon: 3 hours**

**10 km: 1.5 hours**

**5 km: 45 minutes**

Participants who fail to finish the race before the time limit or fail to pass control points within the limit will, according to the instructions of the officials, be directed to move to the sidewalk or off the course.

Competitors who nevertheless insist on continuing to run should bear in mind that refreshment stations and other race amenities will not be available after the expiry of the time limit.

The organizer also does not guarantee closed and secured roads to them and any unfortunate events are not the responsibility of the organizer, but the own responsibility of the competitor outside the race time limit.

Participants outside the time limit must not cross the finish line and their final race time will not be recorded.

## **Course safety and traffic regulation**

The race course will be clearly marked and traffic regulated in cooperation with the competent services (volunteers, security service, etc.).

Participants are obliged to move exclusively within the marked race route and to obey all instructions of officials, marshals and police at intersections and other critical points.

Moving outside the marked route, going back along the course, crossing protective barriers or arbitrarily entering traffic lanes outside the race zone constitutes a breach of the rules and may result in disqualification.

## **Medical service and participant responsibility**

The organizer ensures the presence of medical service on the course and in the start-finish area, in accordance with the recommendations for road races, and the appointed representative of the medical service has the authority to make a decision on withdrawing a participant from the race in the event of a health risk.

By registering for the race, the participant confirms that he/she participates exclusively at his/her own responsibility, that he/she is medically fit for the selected discipline and that he/she has previously undergone a medical examination, if necessary, in view of his/her health condition.

The participant waives the possibility of claims against the organizer, partners, sponsors, officials and volunteers for any damage or claim arising during the event (including bodily injury and material damage), except in cases of gross negligence or intent of the organizer.

Participants are obliged to immediately comply with the instructions of medical personnel and race
